

# AMP-D20BR

## CLASS D STEREO BLUETOOTH AMPLIFIER

ORDER CODE: 01458227

AVAILABILITY: IN STOCK

**Efficient Class D amp design, that occupies little space and requires no ventilation, yet provides 20W RMS x 2CH output.**

Accepts two line level sources and Bluetooth acts as a third input. Switchable limiter provides overdrive protection in permanent installations.

Switchable loudness control greatly improves overall sound quality when played at a low level in an office or at home. 9-pin serial interface allows RS-232 control by external devices.

### Features

- Bluetooth receiver for wireless high fidelity audio from portable devices
- Audio inputs: RCAx2 + 3.5 Mini jack
- Internal microphone
- RS232 controller
- Input selection
- Volume/treble/bass/balance adjustment
- Limit and loudness on/off switch (dip switch)
- Stereo/mono selectable
- Includes remote, mounting ears and power supply
