Analogue connection

1. Connect one 3.5mm end of the included audio cable to headphone jacket on the BMR5X.
2. Connect the other end to an audio input on your home stereo system (3.5mm or 3.5mm + 3.5mm→2 RCA). Consult your stereo user's manual for more information on how to accomplish this.

Digital connection

1. Connect one TOSLINK cable end to optical jacket on the BMR5X (recommended).
2. Connect the other end to one TOSLINK input of your home stereo system. Consult your stereo user's manual for more information on how to accomplish this
3. Connect AC power adaptor cable to DC input jacket of BMR5X, AC end to any AC outlet.
4. The LED light will flash once to show the unit is powered and ready for being paired for your devices.
Pairing your BMR5X
iPad/iPhone/iPod touch

1. Go to Bluetooth manager of your iPad/ iPhone/ iPod touch by the following steps

| a .From your iPad/ iPhone/ iPod touch home page, tap "setting" | b. Inside Settings tap on "Bluetooth" | c. Turn on the Bluetooth function |

OTHER DEVICES

To pair an Apple Watch with your iPhone, go to the Watch app.

5. Your iPod/ iPhone/ iPad will disconnect

**Android Phone/Tablet（ver 9.0 as example with aptX HD support）**

1. Go to Bluetooth manager of your smart phone by the following step:

a. From your smart phone home page, tap on "setting"
b. Inside the setting, turn on The Bluetooth

c. Bluetooth is turned on

2. Searched Bluetooth Devices will show up, please tap on "HD Receiver"

4. Once paired, the blue LED light on the BMR5X will flash once.
   The Blue LED will keep lighted when a connection is established
   And In your Smartphone there is showed "connected, active(media) and aptX HD"

Please note: Some devices, like the iPhone, can play the music immediately after the successful pairing, and the LED will light up.
Some devices may need an extra step after the pairing, like Mac Pro, to select the Bluetooth output, then the LED will light up when a connection is established.

Although the BMR5X can only play music from one device at a time, it is capable of being paired to up to 8 devices.
You can play the music now. Just play music on your device as you normally would and the sound will come out from your stereo system.

Note: the effective range of BMR5X is 66 feet (20M) (light of sight). If you hold and wear the Smartphone or tablet and cover the Bluetooth antenna, the distance will be shorter.

Reconnecting your device：
If you move out of range or turn off the Bluetooth feature on your iPad/ iPhone/ iPod touch or Smartphone, BMR5X will be disconnected from your device. To reconnect, simply open the Bluetooth manager and tap on the "BMR5X", then you do not need to input PIN again, the connection will be done automatically.

Adding a new phone or tablet：
If you want to switch from one device to another, please follow these steps
1. End the existing Bluetooth connection with connected device.
2. The BMR5X can now be connected with another device such as iPad/ iPod/ iPhone or Smartphone or tablet.
3. Follow the section "Pairing the BMR5X" to connect a new device.

Out of range or lost signal:
When the paired phone or device away from receiver (66 feet) or there is something blocking the Bluetooth signal. The LED light will go off, it means the connection between device and BMR5X is lost. To avoid a lost connection:
1. Move the music device back into range (within 66 feet), and make sure there's a clear line of sight and there are no obstruction between BMR5X and device.
2. Within 10 mins, the connection will automatically be reestablished and LED will turn on.
3. If the connection is lost for more than 30 seconds, you need to reconnect the device and BMR5X again. Please follow the "Reconnect Your Device" section.

Indication of LED

Indication	meaning	Description
Flash once 1 sec per 5 secs	Power on /Pairing	Waiting for connection
Permanent Lighted	Connected	Device and main unit are connected

Troubleshooting

You can solve your problems from this section

No music out from my stereo speaker

◎ Make sure the BMR5X is powered

◎ Make sure an audio cable or an Optical cable is correctly and firmly connected to BMR5X

◎ Make sure that the audio source selection of your amplifier is correct with your audio connection (analogue audio or TOSLINK)

◎ Make sure the volume of the stereo is set to a comfortable listening level

◎ Make sure you are within range

◎ Make sure the Bluetooth function is opened on your device

◎ Make sure you are playing the music from your device

SAFETY WARNINGS

◎ BMR5X requires full connection and both hands to install

◎ Do not use BMR5X near water(for example, a bath tub, wash bowl, kitchen sink, laundry tub, wet basement, swimming pool, or other areas located near water)

◎ Clean with dry cloth

◎ Unplug the BMR5X before cleaning

◎ Install BMR5X far away from heat sources

◎ Use only the attached accessories

◎ Unplug the BMR5X when unused for long time
