Features

- HDMI 2.0 version (Support 4K@60Hz YUV4:4:4)
- Bandwidth upto 18Gbps
- HDCP2.2/ HDCP1.4
- Support 3D,HDR10,Dolby vision and DTS
- Support 2xHDMI in, 2xHDMI out
- EDID management and Down Scaler functions
- Support Analog 3.5mm stereo out /SPDIF out audio extraction
- Support Analog 3.5mm stereo/SPDIF in audio embedded
- Support power off memory function

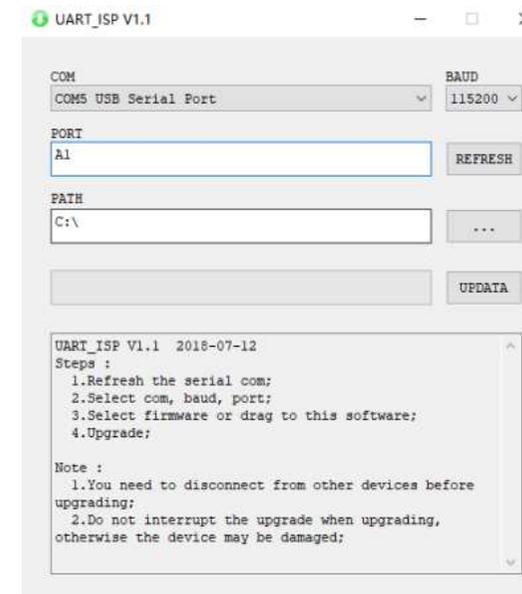

3. **Default EDID:** When the EDID is default, LED 4 light will be off. The unit is default to 4K60 EDID.

Note:

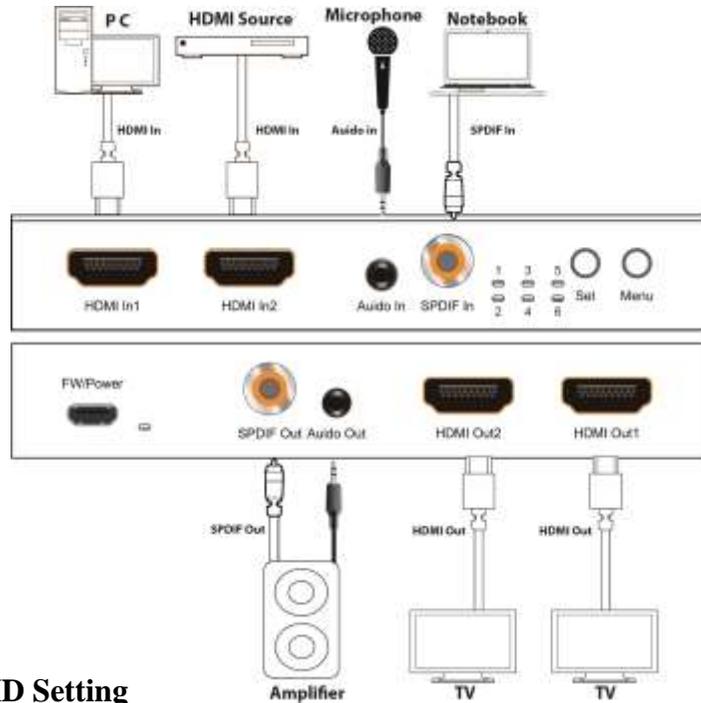

1. This product has downscale feature when the EDID is set to Copy or Default, but not in mixed mode. It also downscale the resolution only, not the refresh rate though. Downscale doesn't support 4K60 422 input signal.
2. Set the EDID to default or copy mode, to have output 1 to 4K60 and output 2 to 1080P if the source is 4K60.

The firmware update for future references

Please open the software [UART_ISP.exe](#) on the PC, you need select the correct port and baud rate 115200, enter A1 in [port](#), then you need select the program in path, and click UPDATE to complete the upgrade.

Application Diagram

EDID Setting

- Copy EDID** : When EDID is in Copy mode, LED4 light will be on. The priority port is HDMI output 1, it will copy the output 2 EDID when output 1 is not in use. When the video source output is set to auto, if the output 1 is 4K60 TV and the output 2 is 4K30/1080p TV, under the copy EDID mode, the output 1 will be 4K60, and the output 2 will be downscaled to 1080P60.
- Mixed EDID**: When EDID is in mixed mode, LED4 light will be flashing, a group of optimal EDID will be generated to ensure the source can be output to both TVs. It also keeps both settings in the memory, when any of the outputs is disconnected or not in use, another output will be still available. Under the mixed EDID mode, if output 1 is 4K60 TV, and output 2 is 4K30/1080p TV, both outputs will be set to 4K30 or 1080P depends on the output TVs.

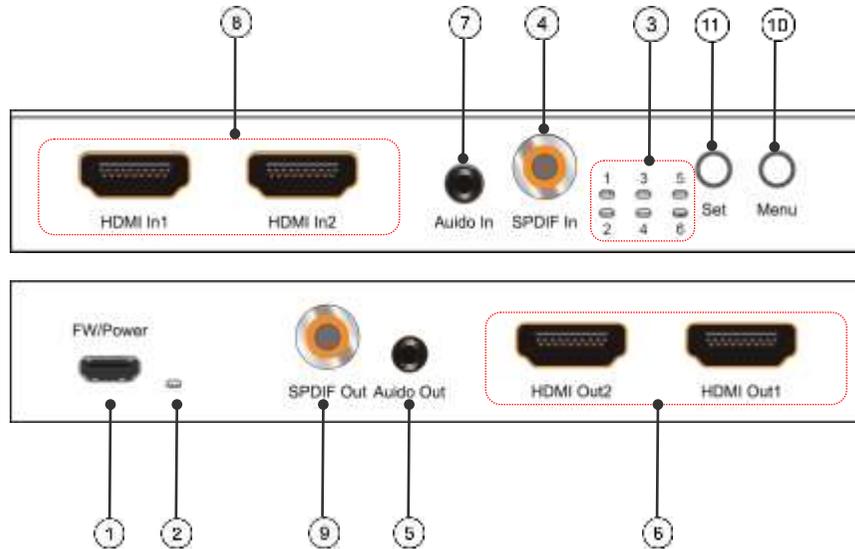

Specifications

Operating Temperature Range	0°C to +40°C(+32°F to +104°F)
Operating Humidity Range	5 to 90%RH (No Condensation)
Power supply	5V
Maximum power (work under 4K2K/60hz)	2W
Max resolution	4k@60hz YUV4:4:4
Function	HDR10 and Dolby vision
HDMI version	HDMI 2.0
HDCP version	HDCP2.2 / HDCP1.4
Control ways	Switch button and EDID
Distance	1080P: input 8m max; output 8m max 4k@30hz: input 8m max;output 8m max 4k@60hz-8bit: input 5m max;output 5m max
Dimensions(LxWxH)	121x68.2x20mm

Package Contents

- 1) 1x HDMI Switch
- 2) 1x 5V/1A DC power adapter
- 3) 1x User manual

Panel Description

- 1. Power and Firmware upgrade USB port
- 2. Power Indicator
- 3. Indicator light
- 4. SPDIF In
- 5. Audio out
- 6. HDMI output
- 7. Audio in
- 8. HDMI input
- 9. SPDIF out
- 10. Menu button
- 11. SET button:
