

Specification

Model No.	15-IL08-30
LED Color	850nm Infrared LED.
LED Quantity	48pcs
Open illumination	≤5Lux
Beam Angle	30°
Projection distance	25 meter
LED Life	20,000 hours
Input Power	DC12V+/-10%
LED power	5W
Dimensions	Ø64x124 mm
IP Grade	IP65
Working Temperature	-40 °C +55°C
Gross Weight	0.3 KG

Installation instruction:

1. Use the screws tighten the camera as shown in above picture.
2. Adjust direction of the camera lens and infrared light.
