ToughLink USB 3.2 Gen2 USB-C Cable

Features

Introducing the mbeat Tough Link USB 3.2 Gen2 USB-C Cable, a versatile solution tailored for various needs. Perfect for fast PD charging, high-speed data transfer, and high-quality video transmission, it's your all-in-one high-performance connectivity companion.

High-Speed Data Transfer: USB 3.2 Gen2 facilitates lightning-fast data transfer at speeds up to 10Gbps, ideal for fast SSD storage data transfer.

Efficient Charging and Safety: Built-in E-Mark identification IC ensures stable and secure charging, prioritizing safety throughout, keeping your device safe and providing peace of mind.

Fast Charging Compatibility: With 5A/100W PD Charging support and PD 3.0 compatibility, alongside QC3.0 and QC2.0 fast charging support, this cable ensures rapid charging for compatible devices such as USB-C laptops or large capacity power banks.

High-Quality Video Transmission: Experience stunning UHD 4K resolution at 60Hz, ideal for seamless streaming. Supports USB-C monitor or laptop video transmission and USB-C multifunction dock connections.

Durable Construction: Enhanced with durable connector design, reinforced cable structure, and high-density nylon braided material, this cable is built to endure daily use.

Specifications

- **USB Version:** USB-C 3.2 Gen2
- **Connector Type:** USB-C male to USB-C male
- **Data Transfer Rate:** Maximum 10Gbps
- **Video Resolution:** Maximum 4K/60Hz
- **PD Pass Through Charging:** Maximum 20V, 5A/100W
- **Material:** Aluminium Housing, Nylon Braided
- **Compatibility:** Compatible with New iPad Air, mini, Pro / Macbook, Macbook Pro / USB-C Game Consoles / UltraBook / USB-C compatible Android Phones and Tablets.
- **Cable Length:** 1.8m
- **Product Weight:** 60g
- **Package Dimensions:** 19cm x 12cm x 2.4cm
- **Package Weight:** 85g
- * **Note:** For 10Gbps data support, ensure your device is capable of 10Gbps fast data transmission. For USB-C video transmission support, ensure your device supports USB-C DP Alt-mode video out. Not every USB-C cable is created as a full-function cable. If your USB-C cable only supports data and charge, the video function will not be supported.

Connect To Life.
