

Portable USB & Bluetooth Conference Speakerphone YVC330

PRODUCT INFO SHEET

NEW SOUND TECHNOLOGY.

The YVC330 USB & Bluetooth speakerphone solves the problem of finding vacant rooms for spontaneous meetings. With its innovative SoundCap technology, it converts the audio of open workspaces into a clear and natural signal that is almost as good as being in a quiet meeting room.

FEATURES:

- Maximum 91dB loud volume
- 3x 360° unidirectional microphones with 1x full-range speaker
- Simple plug'n'play operation
- USB powered
- Connections: USB (laptops) or Bluetooth / NFC (phones & tablets) & Audio In/Out
- Windows and Mac compatible
- Ability to daisy chain 2 units for medium-sized spaces
- Signal Processing: Noise reduction, Automatic tracking, Adaptive echo canceller, Automatic gain control, De-reverberation & SoundCap
